Extended family tree

Extended family tree. A square is a man, a circle is a woman and a diamond is a child of either gender.

Made with Genogram Builder

Aunts and uncles. Each brother or sister of a parent hangs from the same bar as that parent. Draw one more line down from the bar for each one the sheet leaves out.

Cousins. The children of an aunt or an uncle hang under that couple. Add a line for each cousin the sheet leaves out, and strike through a place you do not need.

By marriage. The husband or wife of an aunt or an uncle stands beside them on a couple line, with no line up to your grandparents.

Key Man Woman Child, boy or girl You, outlined twice Couple Children of the couple
