

Family genogram

Guided three generation sheet. Symbols follow McGoldrick, Gerson and Petry (2020).

Made with Genogram Builder

Grandparents. Write each name on the line under the symbol and the year of birth above it. Draw an X through the symbol of a person who has died and add the year of death.

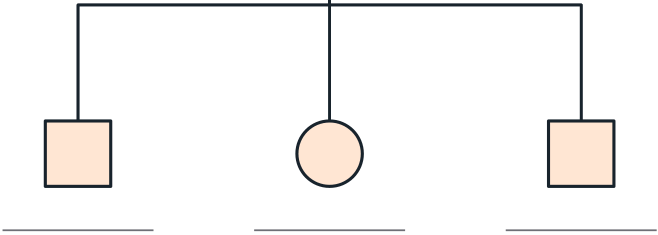

Couple line. Write the year of the marriage on the line between the partners. One slash across the line records a separation and two slashes record a divorce.

Parents. The father is drawn on the left and the mother on the right. A former partner is drawn further out, joined by a line of their own.

The person the genogram is about. Draw a second outline around that symbol.

Children. Draw the oldest child on the left and each younger child to the right. Add a symbol for every pregnancy, including one that was lost.

Health. Shade the left half of a symbol for a physical or psychological condition and the lower half for alcohol or drug misuse. Write the condition under the name.
