Handprint family tree

Made with Genogram Builder

Each person on the tree adds one hand. Trace the hand on coloured paper, cut it out and glue it above the trunk, or press a painted hand onto the page.

1. Colour each box in the colour of one hand, and write beside it the name that person chose.
2. A person who is far away can post a traced hand, and a pet can have a drawn paw.
3. Four or five small hands fit this page. For more hands, or for adult hands, copy the trunk onto a larger sheet.
